The Berkeley Changemaker Program

Berkeley Changemaker® goes beyond a simple focus of skills or curricular skills. Its 40-some academically-rigorous courses, offered by departments across campus, have a clear and consistent focus on our core pillars of critical thinking, communication, and collaboration. Berkeley Changemaker is a campus-wide certificate program that enrolls some 20% of undergraduates. Students are exposed to our brightest and best faculty and alumni from across the campus, including Nobel Prize and Distinguished Teaching Award winners.

It codifies an essential part of what UC Berkeley has always stood for and provides a galvanizing narrative that our whole campus is rallying behind (link is external), humanists and scientists alike. Our curriculum activates undergraduates’ passions and develops a sharper sense of who they want to be and how to make that happen.

The Berkeley Changemaker Certificate of Completion

Stand out with this great resume item! Showcase your skills by earning the certificate and enhance your resume.

To earn the certificate, complete a minimum of 3 courses and a minimum of 5 units of instruction. Earn a grade of C or above (or Pass for the Newton series). If you are graduating before December 2024 then either *The Berkeley Changemaker* or *Living With Agency* course are strongly recommended. If you graduate after December 2024, one of those two courses is required among the courses you count toward the certificate.
